Pictures, words, and sentences that focus on the letters of the alphabet. Pre-reading skills. Arthur promises to buy ice cream for his little sister, D.W., if she can read ten words. The twosome race to the park, where D.W. is quick to recognize signs such as ZOO, DON'T WALK, POLICE, and ICE CREAM. When she reads WET PAINT before her big brother does, Arthur is in for a colorful surprise! Give your child a smart start with What Your Preschooler Needs to Know Designed for parents to enjoy with children, filled with opportunities for reading aloud and fostering curiosity, this beautifully illustrated anthology offers preschoolers the fundamentals they need to prepare for a happy, productive time in school—and for the rest of their lives. Hundreds of thousands of children have benefited from the acclaimed Core Knowledge Series, developed in consultation with parents, educators, and the most distinguished developmental psychologists. In addition to valuable advice for parents, such as what it means for a child to be ready for kindergarten, special sidebars throughout the book help parents make reading aloud fun and interactive, suggesting questions to ask, connections to make, and games to play to enrich their preschooler's learning experience. Inside you will discover • Favorite poems and rhymes—all beautifully illustrated, to be read and recited together, from Robert Louis Stevenson's "At the Seaside" to limericks by Edward Lear and tongue twisters by Jack Prelutsky, plus fun "clap along!" and "fingerplay" verses that parents and children can act out together • Beloved stories and fables—stories such as "The Three Little Pigs" and the African folktale "Why Flies Buzz" will open whole new worlds of learning and discovery • Visual arts—beautiful reproductions of classic works that foster early appreciation of art history while igniting discussions about shapes, colors, and different styles and media • Music—dozens of songs to sing and dance to, including such "move around" songs as "Head and Shoulders, Knees and Toes" and "The Wheels on the Bus" • History—a delightful introduction to American history, from the first Thanksgiving to Martin Luther King, Jr., with activities and stories parents and children can enjoy together • Science—from exploring the wonder of animals to the physical properties of light, air, and water—fun

activities that will let children observe, experience, and enjoy the natural world Meet Ranger! He's a time-traveling golden retriever who has a nose for trouble . . . and always saves the day! Ranger has been trained as a search-and-rescue dog, but can't officially pass the test because he's always getting distracted by squirrels during exercises. One day, he finds a mysterious first aid kit in the garden and is transported to the year 1850, where he meets a young boy named Sam Abbott. Sam's family is migrating west on the Oregon Trail, and soon after Ranger arrives he helps the boy save his little sister. Ranger thinks his job is done, but the Oregon Trail can be dangerous, and the Abbotts need Ranger's help more than they realize! Llama, Llama red pajama waiting, waiting for his mama. Mama isn't coming yet. Baby Llama starts to fret. Anna Dewdney's classic tale of nighttime drama has been charming readers for over a decade. Now everyone's favorite Llama Llama who wants his Mama is available in a lap board book format. These infectious rhymes and oversized board book pages are perfect for bedtime reading anywhere, anytime! Beginning Reader Intervention Activities includes lessons covering 37 word families and is the ideal companion for reinforcement of reading, spelling and writing using three- and four-letter words. It includes multi-sensory activities, home-school connections, and over 400 reproducible word cards. Get beginning readers off on the right track with 160 pages of engaging intervention! Describes the use of libraries from the point of view of a child in the process of acquiring reading skills. Sight words are common words that appear again and again in your children's reading material. Knowing these words is essential for reading fluency. This set provides practice at the beginning reading level, and introduces 30 of the most common and easy sight words. Our method makes the process of learning to recognize sight words very simple for the young reader. Consistent short vowels and simple stories mean children sound out (decode) the story, and learn only three sight words per book. With plenty of repetition and context clues, your young reader will quickly master early sight words with Bob Books Sight Words - Kindergarten. Inside this eBook you'll find: - 10 easy-to-read, hilarious small books, 12 pages each - All stories told in three and four letter words, plus sight words - Consistent short vowels mean easy decoding in the rest of the story - Three new sight words introduced in each book The books in Bob Books Set 2 - Advancing Beginners provide your new reader with more material at the beginning level. These twelve stories in mostly three-letter words build confidence for the very youngest readers. Simple text combined with slightly longer stories builds reading stamina. Elements of humor and surprise keep children's interest high. Add Bob Books Set 2 to your collection for invaluable beginning reading practice. Reading this foundation set help children master basic phonics before they advance to consonant blends. Inside this eBook you'll find: - 12 easy-to-read books, 16 pages each - Mostly two and three letter words (C-V-C words) - Can be "sounded out" (phonics based) - Limited sight words - 20 to 30 words per book A guide to teaching beginning language learners introduces the picture word inductive model of instruction which uses a picture to prompt the words which will be used to build reading and writing skills. Winner of the 2021 Theodor Seuss Geisel Award Move over, Spot. . . Spoofing classic primers, Max the Dog talks back to the book in a twist that will have fans of funny early readers howling. See Max. Max is not a cat—Max is a dog. But much to Max's dismay, the book keeps instructing readers to "see the cat." How can Max get through to the book that he is a DOG? In a trio of stories for beginning readers, author David LaRochelle introduces the excitable Max, who lets the book know in irresistibly emphatic dialogue that the text is not to his liking. Illustrator Mike Wohnoutka hilariously depicts the pup's reactions to the narrator and to the wacky cast of characters who upend Max's—and readers'—expectations as the three stories build to an immensely satisfying conclusion. Hooray, Max, hooray! This spooky twist on the wildly popular "There Was an Old Lady who Swallowed a Fly" is perfect for fun Halloween reading! What won't this old lady swallow? This time around, a bat, an owl, a cat, a ghost, a goblin, some bones, and a wizard are all on the menu! This Halloween-themed twist on the classic "little old lady" books will delight and entertain all brave readers who dare to read it! Readers at this level are able to tackle longer sentences and longer books but still love the accomplishment of reading a book all the way through. Bob Books Set 4 continues to build reading skills, while also providing engaging stories that build success. In Bob Books Set 4, the simple narrative and design help children focus their skills on decoding, while introducing more challenging concepts and longer words. The delightful illustrations and humor help keep young readers engaged. Inside this eBook you'll find: - 8 easy-to-read books, 16-24 pages each - Many four and five letter words (one syllable) - Two syllable words - Many consonant

blends (such as nd, sn, st, ck) - A few vowel combinations (such as ou, ee, oo) - Many words can be "sounded out" (phonics based) - Limited sight words - Up to 150 words per book

With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward. This is the first dedicated account of the ways in which Shakespeare's texts were read in the two centuries after they were produced. A close examination of rare, often unpublished material offers a reconsideration of the role of readers in the history of Shakespeare's rise to fame. An easy-to-read counting book, inspired by Dr. Seuss and illustrated with artwork from his books! Count on Dr. Seuss to make learning numbers fun! This simple, rhymed riff about counting is illustrated with art from some of the most beloved works by Dr. Seuss, including *One Fish Two Fish Red Fish Blue Fish*, *Did I Ever Tell You How Lucky You Are?*, and *Oh, the Things You Can Think!* Great for the earliest reader—and beginning counter—it's a perfect companion to Dr. Seuss concept books like *Mr. Brown Can Moo! Can You?*, *The Shape of Me and Other Stuff*, and *Dr. Seuss's ABC*. Nurture a love of numbers—and of Dr. Seuss—with this great new concept book for beginning readers! Danny is a Superhero-in-Training learning about his most important superpower of all, "The Power to Choose." Written in a "Choose Your Own Story" style, your child will have a blast trying to reach all nine endings. And in the process, they will learn some of life's most important lessons. We offer the easiest way to make reading books with children a pleasure, even for those children who listen to reading reluctantly. With the usual type of reading, a child is a passive listener, while with "reading by picture", he or she becomes an active participant. Even if children can already read, they are happy to read texts where some of the words are replaced by pictures and perceive it as a bonus or a prize. It is more important to receive such bonuses for children who are just starting to read, or for whom reading still requires effort. A small child can only voice words represented by pictures. This "reading" not only makes kids a full participant in the process but also teaches them to reconcile the words of the picture with other words in the sentence. Older children may try to read words from a vocabulary list that appears before the text. A child who has begun to read will be able to enjoy reading the entire text. If you are reading to your little one, please read slowly. Let your child think about the sentence, find the right word and enjoy the reading process. Some words in this book are changed to pictures. Each story has a pictured vocabulary list at the beginning. Includes 7 simple stories understandable and relatable for kids. Great book for non-English speaking children to learn and remember new words in a fun game-based reading activity. P.J. Funnybunny doesn't want to be a bunny anymore! In this hilarious story, a young bunny explores life with different animal friends. This bunny-rific tale of self-discovery is now available in a simplified board book perfect for the littlest hands—and with a festive, sparkly cover, it makes the perfect gift to fill any Easter basket. P.J. Funnybunny is tired of cooked carrots and his big ears. It would be way more fun to be a bear, a bird, or a pig...right? Read along as P.J. leaves home and tries to determine who he is—and where he belongs. But this bunny might just learn that all he wants to be is...himself! This sturdy board book adaptation, with text abridged from the beloved *Dr. Seuss Beginner Book*, makes a fun-filled read aloud for babies and toddlers! A rhyming story of unconditional love with adorable illustrations of a toddler and a teddy bear who declare "I love you through and through!" Henry, his dog Mudge, and his father enter a snowman building contest at the local park and win third place. The reader contains 32 selections from some of the most important and best-known works of Cambodian literature in a variety of genres - historical prose, folktales, epic poetry, didactic verse, religious literature, the modern novel, poems and songs, and so forth. It concludes with a bibliography of some sixty items on Cambodian literature. The glossary combines the 4,000 or so items introduced in this reader with the more than 6,000 introduced in the previous two readers. The #1 New York Times bestseller. Over 4 million copies sold! *Tiny Changes, Remarkable Results* No matter your goals, *Atomic Habits* offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to

change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal. Best Seller. Eight units with 62 lessons, 63 kid-sized reproducible books, as well as letter and word cards, give teachers the tools to teach successful readers. Suggested materials for reading are included as well. ESL & Special Ed. A handbook that collects in one volume the strong points from many popular teaching methods to build reading 'fluency'--that point where the reader is reading at a level where he or she recognizes words quickly without having to stop and decode them. Based on the author's over 30 years of experience in working with students of all ages and all levels of ability. instructional programs. Covers K through 3rd grade. Charts and tables. A companion set to the bestselling Bob Books Beginning Readers set, featuring the classic Bob Books characters and some new ones, too! Most children learn to read, irrespective of the method of instruction. Yet up to a fifth of children struggle with reading in their first few years at school. Unfortunately, those who struggle in the early years will continue to struggle throughout their school career. Yola Center offers a systematic, research-based guide to teaching reading in the first three years of school. Her aim is to ensure that teachers can work with at-risk or reluctant readers in the regular classroom as effectively as with children for whom reading seems to come naturally. Taking an analytic approach to reading, Beginning Reading shows how children can be moved through the key stages of early reading acquisition. Each chapter includes an overview of relevant research, practical classroom strategies and guidelines for lesson planning. Center adopts a balanced view of reading instruction, stressing the importance of phonological processes at the beginning of literacy instruction, as well as semantic and syntactic ones. This supports at risk children in regular classrooms, who are provided with the maximum opportunity to develop the accurate and fluent word recognition skills that are needed in order to extract meaning from print. 'At last! A book that combines an overview of recent research findings and their implications for the teaching of reading with sensible and practical suggestions for classroom teachers.' Morag Stuart, Professor in the Psychology of Reading, University of London 'This is an excellent book. It comprehensively reviews the research literature and shows how to apply it to the nuts and bolts of teaching reading in the first few years of school. It is a must-read for teachers.' Professor Tom Nicholson, University of Auckland, New Zealand 'This is the book that we have all been waiting for. It is the only book that I have seen that focuses on a theoretically sound approach to the teaching of reading with a focus on children who experience difficulties in the regular classroom.' Ruth Fielding-Barnsley, Queensland University of Technology 'It is indeed rare when a reading scientist can explain the intricacies of reading development, reading difficulties, and reading instruction with such clarity and comprehensiveness. Most importantly, Dr Center provides a masterful synthesis of the most current converging scientific evidence available that defines what research-based reading instruction is all about.' G. Reid Lyon, PhD, National Institutes of Health, USA Beginning Reader Intervention Activities includes lessons covering 37 word families and is the ideal companion for reinforcement of reading, spelling and writing using three- and four-letter words. It includes multi-sensory activities, home-school connections, and over 400 reproducible word cards. Get beginning readers off on the right track with 160 pages of engaging intervention! Key Education products are intended to engage and educate young and special learners, as well as assist teachers in building a strong and developmentally appropriate curriculum for these children. The product line is comprised of teacher/parent resource books, photographic learning cards, and other activity- and game-oriented materials. It is designed to assist in 'Unlocking the Potential in Every Child.' Clifford the big red dog wants to play baseball with the boys and girls, but he cannot find a big enough bat. Bob Books Set 1: Beginning Readers Teach a child letter sounds with Bob Books Set 1! With four letters in the first story, children can read a whole book. Consistent new sounds are added gradually, until young readers have read books with all letters of the alphabet (except Q). Short vowels and three-letter words in simple sentences make Bob Books Set 1 a fun confidence builder. With little books, come big success. (TM) Created especially for children who are learning to read, this anthology contains renowned works featuring some of the best-loved characters in children's literature, including Else Holmelund Minarik and Maurice Sendak's Little Bear, Arnold Lobel's Frog and Toad, and the madcap creations of Dr. Seuss.
