Most of them use low-quality papers & binding. Their pages fall off easily. Some of them even use very small font size of 6 or less to increase their profit margin. It makes their books completely unreadable. How is this book unique? Unabridged (100% Original content) Font adjustments & biography included Illustrated About The Professor by Charlotte Brontë The Professor was the first novel by Charlotte Brontë. It was originally written before Jane Eyre and rejected by many publishing houses, but was eventually published posthumously in 1857 by approval of Arthur Bell Nicholls, who accepted the task of reviewing and editing of the novel. The book is the story of a young man, William Crimsworth, and is a first-person narrative from his perspective. It describes his maturation, his loves and his eventual career as a professor at an all-girls school. Jane Eyre by Charlotte Brontë is a novel by English writer Charlotte Brontë. It was published on 16 October 1847, by Smith, Elder & Co. of London, England, under the pen name "Currer Bell." The first American edition was published the following year by Harper & Brothers of New York. Primarily of the Bildungsroman genre, Jane Eyre follows the emotions and experiences of its eponymous heroine, including her growth to adulthood and her love for Mr. Rochester, the Byronic master of fictitious Thornfield Hall. In its internalisation of the action-the focus is on the gradual unfolding of Jane's moral and spiritual sensibility, and all the events are coloured by a heightened intensity that was previously the domain of poetry-Jane Eyre revolutionised the art of fiction. Charlotte Brontë has been called the 'first historian of the private consciousness' and the literary ancestor of writers like Joyce and Proust.[2] The novel contains elements of social

criticism, with a strong sense of morality at its core, but is nonetheless a novel many consider ahead of its time given the individualistic character of Jane and the novel's exploration of classism, sexuality, religion, and proto-feminism. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience. Jane Eyre, the story of a young girl and her passage into adulthood, was an immediate commercial success at the time of its original publication in 1847. Its representation of the underside of domestic life and the hypocrisy behind religious enthusiasm drew both praise and bitter criticism, while Charlotte Brontë's striking exposé of poor living conditions for children in charity schools as well as her poignant portrayal of the limitations faced by women who worked as governesses sparked great controversy and social debate. Jane Eyre, Brontë's best-known novel, remains an extraordinary coming-of-age narrative and one of the great classics of literature. The second edition has been updated throughout to reflect recent scholarship and includes new appendices on violence against women in Victorian fiction and madness and disability in the Victorian era. Orphaned as a child, Jane has felt an outcast her whole young life. Her courage is tested once again when she arrives at Thornfield Hall, where she has been hired by the brooding, proud Edward Rochester to care for his ward Adèle. Jane finds herself drawn to his troubled yet kind spirit. She falls in love. Hard. But there is a terrifying secret inside the gloomy, forbidding Thornfield Hall. Is Rochester hiding from Jane? Will Jane be left heartbroken and exiled once again? The Professor was the first novel by Charlotte Brontë. It was originally written before Jane Eyre and rejected by many publishing houses, but was eventually published posthumously in 1857. The book is the story of a young man, William Crimsworth. It describes his maturation, his loves, and his eventual career as a Professor at an all-girl's school. The story is based upon Charlotte Brontë's experiences in Brussels where she studied as a language student in 1842." A biography of the English author, focusing on the passionate and fiery nature that lay behind her image as a modest Victorian lady. The Professor was the first novel by Charlotte Brontë. It was originally written before Jane Eyre and rejected by many publishing houses, but was eventually published posthumously in 1857. The book is the story of a young man, William Crimsworth. It describes his maturation, his loves, and his eventual career as a Professor at an all-girl's school. The story is based upon Charlotte Brontë's experiences in Brussels where she studied as a language student in 1842. "I have written about the joys of love. I have, in my secret heart, long dreamt of an intimate connection with a man; every Jane, I believe,

deserves her Rochester." Though poor, plain, and unconnected, Charlotte Bronte possesses a deeply passionate side which she reveals only in her writings—creating *Jane Eyre* and other novels that stand among literature's most beloved works. Living a secluded life in the wilds of Yorkshire with her sisters Emily and Anne, their drug-addicted brother, and an eccentric father who is going blind, Charlotte Bronte dreams of a real love story as fiery as the ones she creates. But it is in the pages of her diary where Charlotte exposes her deepest feelings and desires—and the truth about her life, its triumphs and shattering disappointments, her family, the inspiration behind her work, her scandalous secret passion for the man she can never have . . . and her intense, dramatic relationship with the man she comes to love, the enigmatic Arthur Bell Nicholls. "Who is this man who has dared to ask for my hand? Why is my father so dead set against him? Why are half the residents of Haworth determined to lynch him—or shoot him?" From Syrie James, the acclaimed, bestselling author of *The Lost Memoirs of Jane Austen*, comes a powerfully compelling, intensely researched literary feat that blends historical fact and fiction to explore the passionate heart and unquiet soul of Charlotte Bronte. It is Charlotte's story, just as she might have written it herself. *The Professor* is Charlotte Brontë's first novel, in which she audaciously inhabits the voice and consciousness of a man, William Crimsworth. Like *Jane Eyre* he is parentless; like Lucy Snowe in *Villette* he leaves the certainties of England to forge a life in Brussels. But as a man, William has freedom of action, and as a writer Brontë is correspondingly liberated, exploring the relationship between power and sexual desire. William's first person narration reveals his attraction to the dominating directress of the girls' school where he teaches, played out in the school's 'secret garden'. Balanced against this is his more temperate relationship with one of his pupils, Frances Henri, in which mastery and submission interplay. *The Professor* was published only after Charlotte Brontë's death; today it gives us a fascinating insight into the first stirrings of her supreme creative imagination. About Charlotte Bronte : Charlotte Brontë was a British novelist, the eldest out of the three famous Brontë sisters whose novels have become standards of English literature. See also Emily Brontë and Anne Brontë. Charlotte Brontë was born in Thornton, Yorkshire, England, the third of six children, to Patrick Brontë (formerly "Patrick Brunty"), an Irish Anglican clergyman, and his wife, Maria Branwell. In April 1820 the family moved a few miles to Haworth, a remote town on the Yorkshire moors, where Patrick had been appointed Perpetual Curate. This is where the Brontë children would spend most of their lives. Maria Branwell Brontë died from what was thought to be cancer on 15 September 1821, leaving five daughters and a son to the care of her spinster sister Elizabeth Branwell, who moved to Yorkshire to help the family. In August 1824 Charlotte, along with her sisters Emily, Maria, and Elizabeth, was sent to the Clergy Daughters' School at Cowan Bridge in Lancashire, a new school for the daughters of poor clergyman (which she would describe as Lowood School in *Jane Eyre*). The school was a horrific experience for the girls and conditions were appalling. They were regularly deprived of food, beaten by teachers and humiliated for the slightest error. The school was unheated and the pupils slept two to a bed for warmth. Seven pupils died in a typhus epidemic that swept the school and all four of the Brontë girls became very ill - Maria

and Elizabeth dying of tuberculosis in 1825. Her experiences at the school deeply affected Brontë - her health never recovered and she immortalised the cruel and brutal treatment in her novel, *Jane Eyre*. Following the tragedy, their father withdrew his daughters from the school. " Every time I finish a Charlotte Brontë novel, my heart pounds and my mind is disoriented. After reaching the end of her stories, closing her pages for the last time, and remembering the long passages written out in long-hand, it's all like slowly surfacing from the depths of another world, and you're back home in reality, not quite sure you want to be there. Although it doesn't have the exquisite tragedy of *Villette* or the kick-ass karate-chop combos of romance, ghosts, crazy ladies in the attic, religious nut-jobs, and true love found in *Jane Eyre*, *The Professor* is still one hell of a novel. In this volume we share Charlotte Brontë's experience for four crucial years. The success of *Jane Eyre* and the strange power of *Wuthering Heights* made the 'brothers Bell' the 'universal theme of conversation'; but privately the family endured the deaths of Branwell Brontë in September and Emily in December 1848, followed by Anne's in May 1849. Haunted by the fear that she also would succumb, Charlotte found salvation in writing *Shirley*, published in October 1849, and comfort in her friendship and correspondence with Ellen Nussey, with her publishers-especially George Smith-with Mrs Gaskell, and (for a time) Harriet Martineau. She may also have received a proposal of marriage from Smith, Edler's manager, James Taylor. The lives of literary figures have always provided a source of fascination; the tragic life of Charlotte Brontë is no different. In this interpretive critical biography, Helene Moglen "takes for granted earlier, exhaustive studies" done on Brontë to produce an analysis that incorporates not only the facts of her life, but also their influence upon her works. Through her study, Moglen seeks to examine the two dimensions that are essential to any study of Brontë: the life she lived and the life she created within the pages of fiction. By examining the paradoxical personal tragedy and artistic fulfillment that made up Charlotte Brontë's life, Helen Moglen shows the evolution of Brontë's feminism. Through Brontë's growth, Moglen then is able to "explore explicitly formations of the modern female psyche." Considered to be a major biography fusing together the making of literature and the formation of personality, Moglen offers a new critical insight into Brontë's struggle for self-definition and how it can be reflected through the lives of readers more than a century later. 'To myself alone could I look' *Jane Eyre* and *Lucy Snowe* are heroines who depend upon no one but themselves. In the face of hardship, from small sacrifices to great heartache, they cling resolutely to their principles of self-reliance. Lucy's energy and enterprise take her to Belgium and a career in teaching, whilst Jane's honest, intelligent mind draws declarations of love. Both are the unforgettable creations of the deeply independent and brilliant Charlotte Brontë. Selected from Charlotte Brontë's *Jane Eyre* and *Villette*. VINTAGE MINIS: GREAT MINDS. BIG IDEAS. LITTLE BOOKS. A series of short books by the world's greatest writers on the experiences that make us human Also in the Vintage Minis series: *Sisters* by Louisa May Alcott *Freedom* by Margaret Atwood *Marriage* by Jane Austen *Liberty* by Virginia Woolf Comprising nine original essays by specialists in material culture, book history, literary criticism and curatorial and archival studies, this co-edited volume addresses a wide range of Brontë's

writing—from vignettes composed during her teenage years (“The Tea Party” and “The Secret”) to completed novels (*The Professor*, *Jane Eyre*, *Shirley* and *Villette*) and unfinished works (“*Ashworth*” and “*Emma*”). In bringing to life the surprising array of embodied experiences that shaped Brontë’s creative practice (from writing to book-making, painting, and drawing), *Charlotte Brontë, Embodiment and the Material World* forges new connections between historical, material, and textual approaches to the author’s work. Honorable Mention, 2020 Sonya Rudikoff Award presented by the Northeast Victorian Studies Association In this book, Shawna Ross argues that Charlotte Brontë was an attentive witness of the Anthropocene and created one of the first literary ecosystems animated by human-caused environmental change. Brontë combined her personal experiences, scientific knowledge, and narrative skills to document environmental change in her representations of moorlands, valleys, villages, and towns, and the processes that disrupted them, including extinction, deforestation, industrialization, and urbanization. Juxtaposing close readings of Brontë’s fiction with Victorian and contemporary science writing, as well as with the writings of Brontë’s family members, Ross reveals the importance of storytelling for understanding how human behaviors contribute to environmental instability and why we resist changing our destructive habits. Ultimately, Brontë’s lifelong engagement with the nonhuman world offers five powerful strategies for coping with ecological crises: to witness destruction carefully, to write about it unflinchingly, to apply those experiences by questioning and redefining toxic definitions of the human, and to mourn the dead, all without forgetting to tend the living. In 1834, Charlotte Brontë and her brother Branwell created the imaginary kingdom of Angria in a series of tiny handmade books. The five novelettes’ in this volume were written by Charlotte, and depict a aristocratic beau monde in ironic language. She creates an atmosphere of intrigue and destructive passions. Looks at the lives of Charlotte, Emily, and Anne Brontë, describes their childhood and discusses the background of their major writings Charlotte Brontë’s most beloved novel describes the passionate love between the courageous orphan Jane Eyre and the brilliant, brooding, and domineering Rochester. The loneliness and cruelty of Jane’s childhood strengthens her natural independence and spirit, which prove invaluable when she takes a position as a governess at Thornfield Hall. But after she falls in love with her sardonic employer, her discovery of his terrible secret forces her to make a heart-wrenching choice. Ever since its publication in 1847, *Jane Eyre* has enthralled every kind of reader, from the most critical and cultivated to the youngest and most unabashedly romantic. It lives as one of the great triumphs of storytelling and as a moving and unforgettable portrayal of a woman’s quest for self-respect. *The Search after Happiness* was written by Charlotte Brontë when she was only 13 years old. The story is set in Glass Town, an imaginary African kingdom which is revealed in a series of related stories and poems written chiefly by Charlotte and her brother Branwell. It tells the story of a man named Henry O’Donnell who leaves his city to seek happiness and contentment. On his journey he meets a man on a similar quest and they travel to a distant land where they live for many peaceful years. After his companion mysteriously disappears, O’Donnell grows increasingly lonely and depressed until one day a Genii (a magical character) appears and

grants his wish to return to his long missed home. Illustrated throughout with black-and-white plates, this book offers a valuable selection of letters written by Charlotte Brontë "from her schooldays to her death in 1855 - chosen by the editor of the complete correspondence. Biographical notes introduce Charlotte's family, friends, and correspondents. Charlotte, Emily, and Anne Brontë are the world's most famous literary siblings. They were very close and during childhood developed their imaginations first through oral storytelling and play set in an intricate imaginary world. This edition collects their great novels: *Jane Eyre*, *Wuthering Heights*, and *The Tenant of Wildfell Hall*. Charlotte Brontë was 17 years old when she wrote the story. *Lady Emily Charlesworth* is in love with Leslie, a struggling artist. Lord Percy, a fierce, arrogant aristocrat, will do anything to lay his hands on Leslie's chosen bride. With its exotic melange of political intrigue, amorous subterfuge, and Gothic scenery, *The Green Dwarf* reveals the dynamic and experimental nature of Brontë's writing. Charlotte Brontë (1816 - 1855) was an English novelist and poet, the eldest of the three Brontë sisters who survived into adulthood and whose novels are English literature standards. She wrote *Jane Eyre* under the pen name Currer Bell. See through the eyes of the Brontës as you immerse yourself in their lives and landscapes, wandering the very same paths they each would have walked in search of the inspiration behind their novels and poetry. An 'imaginative and elegant trek through the landscape of the Brontës' Grazia The inner workings of a writer's life, the interplay between experience and writing, are brilliantly recounted by a master of the art. Gay Talese now focuses on his own life—the zeal for the truth, the narrative edge, the sometimes startling precision, that won accolades for his journalism and best-sellerdom and acclaim for his revelatory books about *The New York Times* (*The Kingdom and the Power*), *the Mafia* (*Honor Thy Father*), the sex industry (*Thy Neighbor's Wife*), and, focusing on his own family, the American immigrant experience (*Unto the Sons*). How has Talese found his subjects? What has stimulated, blocked, or inspired his writing? Here are his amateur beginnings on his college newspaper; his professional climb at *The New York Times*; his desire to write on a larger canvas, which led him to magazine writing at *Esquire* and then to books. We see his involvement with issues of race from his student days in the Deep South to a recent interracial wedding in Selma, Alabama, where he once covered the fierce struggle for civil rights. Here are his reflections on the changing American sexual mores he has written about over the last fifty years, and a striking look at the lives—and their meaning—of Lorena and John Bobbitt. He takes us behind the scenes of his legendary profile of Frank Sinatra, his writings about Joe DiMaggio and heavyweight champion Floyd Patterson, and his interview with the head of a Mafia family. But he is at his most poignant in talking about the ordinary men and women whose stories led to his most memorable work. In remarkable fashion, he traces the history of a single restaurant location in New York, creating an ethnic mosaic of one restaurateur after the other whose dreams were dashed while a successor's were born. And as he delves into the life of a young female Chinese soccer player, we see his consuming interest in the world in its latest manifestation. In these and other recollections and stories, Talese gives us a fascinating picture of both the serendipity and meticulousness involved in getting a story. He makes clear

that every one of us represents a good one, if a writer has the curiosity to know it, the diligence to pursue it, and the desire to get it right. Candid, humorous, deeply impassioned—a dazzling book about the nature of writing in one man's life, and of writing itself. This 1894 volume offers an examination of the Jane Eyre author's work by the prominent author and literary critic. This special ebook edition includes all of the novels written by Charlotte Brontë, one of the most recognized and remarkable authors of the nineteenth century: Jane Eyre, Shirley, Villette, and The Professor. Part of the Vintage Classics Brontë Series: three sisters, three major novels, beautifully designed. 2016 CHARLOTTE BRONTË BICENTENARY As an orphan, Jane's childhood is full of trouble, but her stubborn independence and sense of self help her to steer through the miseries inflicted by cruel relatives and a brutal school. A position as governess at the Thornfield Hall promises a kind of freedom. But Thornfield is a house full of secrets, its master a passionate, tormented man, and before long Jane faces her greatest struggle in a choice between love and self-respect." On the two hundredth anniversary of her birth, a landmark biography transforms Charlotte Brontë from a tragic figure into a modern heroine. Charlotte Brontë famously lived her entire life in an isolated parsonage on a remote English moor with a demanding father and siblings whose astonishing childhood creativity was a closely held secret. The genius of Claire Harman's biography is that it transcends these melancholy facts to reveal a woman for whom duty and piety gave way to quiet rebellion and fierce ambition. Drawing on letters unavailable to previous biographers, Harman depicts Charlotte's inner life with absorbing, almost novelistic intensity. She seizes upon a moment in Charlotte's adolescence that ignited her determination to reject poverty and obscurity: While working at a girls' school in Brussels, Charlotte fell in love with her married professor, Constantin Heger, a man who treated her as "nothing special to him at all." She channeled her torment into her first attempts at a novel and resolved to bring it to the world's attention. Charlotte helped power her sisters' work to publication, too. But Emily's Wuthering Heights was eclipsed by Jane Eyre, which set London abuzz with speculation: Who was this fiery author demanding love and justice for her plain and insignificant heroine? Charlotte Brontë's blazingly intelligent women brimming with hidden passions would transform English literature. And she savored her literary success even as a heartrending series of personal losses followed. Charlotte Brontë is a groundbreaking view of the beloved writer as a young woman ahead of her time. Shaped by Charlotte's lifelong struggle to claim love and art for herself, Harman's richly insightful biography offers readers many of the pleasures of Brontë's own work. The definitive biography of one of English literature's most beloved, and misunderstood, female writers. The Brontë sisters lives and works have become modern-day cultural touchstones. Emily Brontë, best known for her novel WUTHERING HEIGHTS, began writing poetry first and, before her untimely death, wrote some of the most touching and emotive poems which often reflected the landscape of her Yorkshire home. Charlotte Brontë, whose novel JANE EYRE has had numerous TV and film adaptations, took responsibility for finding a home for their work. In her own words, ' We had very early cherished the dream of one day becoming authors'. Anne Brontë, author of AGNES GREY, often used autobiographical

elements in her poems, giving us a hints of the struggles and turmoil of her life. These poems offer glimpses of the joys and sorrows of the Brontes and are a beautifully compelling introduction to their writing and lives. Unlock the more straightforward side of Jane Eyre with this concise and insightful summary and analysis! This engaging summary presents an analysis of Jane Eyre by Charlotte Brontë, which tells the story of a young orphan, Jane Eyre, and her quest for independence and equality, as well as her romance with the mysterious Mr. Rochester. How is this book unique? Unabridged (100% Original content) Font adjustments & biography included Illustrated About Jane Eyre by Charlotte Brontë Jane Eyre is a novel by English writer Charlotte Brontë. It was published on 16 October 1847, by Smith, Elder & Co. of London, England, under the pen name "Currer Bell." The first American edition was published the following year by Harper & Brothers of New York. Primarily of the bildungsroman genre, Jane Eyre follows the emotions and experiences of its title character, including her growth to adulthood and her love for Mr. Rochester, the Byronic master of fictitious Thornfield Hall. In its internalisation of the action-the focus is on the gradual unfolding of Jane's moral and spiritual sensibility, and all the events are coloured by a heightened intensity that was previously the domain of poetry. Jane Eyre revolutionised the art of fiction. Charlotte Brontë has been called the 'first historian of the private consciousness' and the literary ancestor of writers like Joyce and Proust.[2] The novel contains elements of social criticism, with a strong sense of morality at its core, but is nonetheless a novel many consider ahead of its time given the individualistic character of Jane and the novel's exploration of classism, sexuality, religion, and proto-feminism. Do you think, because I am poor, obscure, plain and little, I am soulless and heartless? You think wrong!--I have as much soul as you,--and full as much heart! Charlotte Brontë's Jane Eyre is a beloved classic, celebrated today by readers of all ages and revered as a masterpiece of literary prowess. But what of the famous writer herself? Originally published under the pseudonym of Currer Bell, Jane Eyre

was born out of a magnificent, vivid imagination, a deep cultivation of skill, and immense personal hardship and tragedy. Charlotte, like her sisters Emily and Anne, was passionate about her work. She sought to cast an empathetic lens on characters often ignored by popular literature of the time, questioning societal assumptions with a sharp intellect and changing forever the landscape of western literature. With an introduction by Alison Bechdel, Charlotte Brontë before Jane Eyre presents a stunning examination of a woman who battled against the odds to make her voice heard.
