Through personal experience, Chris Hill has become an expert in the field of overcoming addiction using the power of the subconscious mind... and through a devastating tragedy, he has made it his mission to teach what he has learned to as many people as possible. This book will take you on an emotional journey through Chris' own life, his joy, his sadness, his ups, his downs, his stumbling blocks and his solutions. You'll come out the other side enlightened, and armed with all the tools and knowledge you need to Get Your Life Back. " This read moved me, gave me joy, some laughter, and too many tears. Above all, it gave me hope." - Alison Seary What's an Underground Railroad, and why was it dubbed as the "Road to Freedom?" Discussions on the Underground Railroad will also touch on the prevalence of slavery in the American society during the 1800s. The topic will also feature the heroism of Harriet Tubman, who was a leading figure in the anti-slavery movement. Secure a copy today. Having escaped from Fort Davis, Texas, seventeen-year-old Danny Blackgoat, a Navajo, must still face many obstacles in order to rescue his family from Fort Sumner, New Mexico, and find freedom after the Long Walk of 1864. Psychological and spiritual insights of a personal journey in understanding the workings of our mind. This in-depth look at the civil rights movement goes to the places where pioneers of the movement marched, sat-in at lunch counters, gathered in churches; where they spoke, taught, and organized; where they were arrested, where they lost their lives, and where they triumphed. Award-winning journalist Charles E. Cobb Jr., a former organizer and field secretary for SNCC (Student Nonviolent Coordinating Committee), knows the journey intimately. He guides us through Washington, D.C., Maryland, Virginia, North Carolina, South Carolina, Georgia, Alabama, Mississippi, and Tennessee, back to the real grassroots of the movement. He pays tribute not only to the men and women etched into our national memory but to local people whose seemingly small contributions made an impact. We go inside the organizations that framed the movement, travel on the "Freedom Rides" of 1961, and hear first-person accounts about the events that inspired Brown vs. Board of Education. An essential piece of American history, this is also a useful travel guide with maps, photographs, and sidebars of background history, newspaper coverage, and firsthand interviews. Traces the life of the Black woman orator who spoke out against slavery throughout New England and the Midwest. A gripping and emotional story, No Paved Road To Freedom humanizes the impact of communist occupation in Romania after World War II. It is relevant, it inspires, and it reminds us that freedom is precious. Based on a true story, it documents the extraordinary courage of Cornel Dolana and his family as they pay an incredible price for resisting communism. Cornel makes up his mind to escape the oppression and uses his ingenuity to put his plan in place. His fortitude keeps him moving toward his goal, despite enduring enormous setbacks, brutality, and extreme outdoor elements that few humans could survive. Award Winning Book: Gold Medal, 2012 Stars and Flags Book Awards; Bronze Medal, 2012 Military Writers Society of America; Book of the Month, February 2012, Military Writers Society of America. World War II is ending, but for Captain Meier, the fight for his life has only begun. Stranded behind enemy lines and tormented by his past, his only ally is a young private who practices a strange American religion. As they travel through treacherous Russia, the two quickly realize they will have to trust in a merciful God to have any chance of escaping a deadly fate. Ranger, the time-traveling golden retriever, is back for the third book in Kate Messner's new chapter book series. This time, he helps two kids navigate the Underground Railroad! Ranger is a time-traveling golden retriever with search-and-rescue training. In this adventure, he goes to a Maryland plantation during the days of American slavery, where he meets a young girl named Sarah. When she learns that the owner has plans to sell her little brother, Jesse, to a plantation in the Deep South, it means they could be separated forever. Sarah takes their future into her own hands and decides there's only one way to run -- north. Drawing from his own experience with addiction and recovery, author Johnny Baker gives practical, biblical information for overcoming debilitating patterns in our lives in The Road to Freedom. 18+ for language and sexual content! RemingtonWe'd had a deal. One night only.He broke that deal when he called the next day.For two years, I've worked to forget the taste of his skin, but then he shows up at a time I need him the most...and wants more than I'm able to give.FinchOne night with her wasn't enough, but I gave her space and let her go.Now she's in trouble, and I'm no longer willing to watch her walk away.I have one chance to slay the dragons of her past.The problem is, I'm no one's knight in shining armor. Argues that the Obama administration has used the economic crises to move away from free enterprise and offers a way back via sound public policy. The story is very strange to everybody, especially to the ones who have not lost the freedom. The readers would ask themselves, "Is it the real life story?" The Road to Freedom is too hard and risky. The dear price to pay for freedom is the life of the author and all the people who want to get there. The story is very attractive and amazes the reader from beginning to end. Kevin Dinh- Former captain ARVN. After reading your true story, "THE ROAD TO FREEDOM", I know that many times you were confronted with powerful, bad authorities and fearlessly faced danger to save or help weak and poor people. You have acted chivalrously; you can be proud, and we also can be proud of you. This story lets everyone know about a black period of Vietnam's history. San Jose, California, July 2, 2001. TOAN VO, Author's father. Many times, your unsubmissive, stubborn attitude may have endangered your life. Many parts of the story scare me to death. Viet Lien t Dinh Author's mother The past has been written into many interesting forms: politics, suspense, martial arts, poems, romantic, adventure, and artistic drawing. Duan quang Nguyen- Computer Sciences. The biography of a slave whose flight to freedom was the first step in her becoming a "conductor" on the underground railroad. Explores the most active years of the Underground Railroad through accounts of slaves who followed the route to freedom and others who were involved in, or have studied, the abolitionist movement. "A higher education history textbook on the story of Black Americans in the United States"-- Completed in April 1918, "in the last days before a period of imprisonment," 'The Proposed Roads to Freedom' contains Bertrand Russell's astute political commentary on anarchism, socialism, and syndicalism. Russell begins with a historical overview of socialism and anarchism, the teachings and organizations of Marx and Bakunin, and the syndicalist revolt against socialism. He then turns to more pressing problems of the future, and how these movements could contribute to reconstruction after the war. Although he has criticism for each movement, Russell respected what they attempted to achieve. "What is new in Socialism and Anarchism is that close relations of the ideal to the present sufferings of men, which has enabled powerful political movements to grow out of the hopes of solitary thinkers. It is this that makes Socialism and Anarchism important, and it is this that makes them dangerous to those who batten, consciously or unconsciously, upon the evils of our present order of society." Bertrand Russell (1872-1970) was a mathematician, philosopher, pacifist, and winner of the 1950 Nobel Prize for literature. As a president of the Campaign for Nuclear Disarmament, he opposed war and nuclear weapons and also advocated world government and peacemaking. The Bertrand Russell Peace Foundation was created in 1963 and it publishes a journal, 'The Spokesman'. Join the journey as nine couples employ daring resourcefulness that leads them along the Underground Railroad in search of freedom and justice for all. A history of the African American experience from their arrival on American shores to the present day highlights their contributions, struggles, fight for equality, and their place in multicultural America. The Road To Freedom helps you rediscover the joy of driving. We drive more and more but enjoy it less and less. This invaluable book helps you transform driving into a practice of joy and kindness. You'll learn to: \* Recognize and replace triggers for road rage, impatience, and judgment\* Relax and enjoy whatever road you're on\* See other drivers with compassion and kindness\* Make any

route a scenic route With its time-proven strategies and simple exercises, *The Road To Freedom* is a map that shows you the way out of suffering and back to joy and kindness "In this book Marya recounts the exciting tale of their journey, while at the same time revealing many aspects of Tibet's religion and culture. The story is also an example of how setting a goal and taking a realistic and determined approach to fulfilling it eventually leads to success." -His Holiness the Fourteenth Dalai Lama In accordance with the Tibetan tradition of finding the reincarnations of high lamas, the guidance of His Holiness the Dalai Lama was sought to locate the rebirth of Nechung Rinpoche, who passed away in 1983. Rinpoche is the eminent lama of Nechung, the institution that houses the Chief State Oracle. His Holiness gave several clues: the year of the boy's birth, the names of his parents, and the locale of Lhasa, the capital city of Tibet. A search party of three people—a monk from Nechung Monastery in India, Marya and Miguel—made journeys to Tibet in 1987 and 1993. Their search led them to sacred visionary lakes and ancient monasteries. The expeditions were precarious and filled with challenges such as where to look, whom to trust, and how to accomplish a nearly impossible mission in a Chinese communist-occupied country where surveillance was prevalent. Ultimately, the escape with the eight-year-old lama entailed crossing multiple heavily guarded checkpoints, including two international airports. Best-selling author shares his inspirational journey Today known as the author of the mega-seller *The Bondage Breaker* and the founder of Freedom in Christ ministries, Neil Anderson didn't always know that he was called to serve the Lord as a Christian minister. Though he is sure of his calling now, he readily admits that he has never sought a position in ministry and though he has founded and led a successful international parachurch organization, he refuses to spend a minute of his time to keep it in business. The son and grandson of Norwegian farmers, Anderson grew up in rural Minnesota. He was a fun-loving, sports-crazy child, and no one suspected that God had planted a seed in him that would lead first to years as a pastor, then to teach in seminary, write or coauthor sixty books, and found a global ministry. Here he honestly shares his journey, complete with struggles and trials as he learns to be guided by the Holy Spirit. Though he still asks God, "Why me?" he continues to set people on the path to true freedom in Christ. Inspired by Thoreau, Ilgunas set out on a Spartan path to pay off \$32,000 in undergraduate student loans by scrubbing toilets and making beds in Coldfoot, Alaska. Determined to graduate debt-free after enrolling in graduate school, he lived in an Econoline van in a campus parking lot, saving—and learning—much about the cost of education today. The definitive biography of one of the most courageous women in American history "reveals Harriet Tubman to be even more remarkable than her legend" (Newsday). Celebrated for her exploits as a conductor on the Underground Railroad, Harriet Tubman has entered history as one of nineteenth-century America's most enduring and important figures. But just who was this remarkable woman? To John Brown, leader of the Harper's Ferry slave uprising, she was General Tubman. For the many slaves she led north to freedom, she was Moses. To the slaveholders who sought her capture, she was a thief and a trickster. To abolitionists, she was a prophet. Now, in a biography widely praised for its impeccable research and its compelling narrative, Harriet Tubman is revealed for the first time as a singular and complex character, a woman who defied simple categorization. "In the first major biography of Harriet Tubman in more than 100 years, we see the heroine of children's books and biopics with a new clarity and richness of detail." --Lev Grossman, *Time* A Texas family has established a tunnel to help a priest bring refugees across the border. Travis Manning, a young boy, has crossed illegally into Mexico to warn a Salvadoran family seeking political asylum about ICE agents they might encounter on their way into the US, on their family's land. This coming of age story shows how Travis' worldview is expanded when he joins the family on their treacherous journey. They are forced to face mortal danger in their desperate quest for freedom. *Rising on the Road to Freedom* also explores immigration from the perspective of an ICE agent. Having faced harrowing adventures protecting the border, Agent Steve Cruz takes it upon himself to aid an illegal immigrant in a unique way. Cruz arrives at a significant understanding about the difficulties of his job and the complexities of the trafficking issue. *The Road to Freedom* is the path of hope for all of us who are stuck. With practical application and inspiration, Johnny Baker shares his story of recovering from alcoholism and offers the truths he has learned from his 25 years with *Celebrate Recovery*. Baker's father, John, founded *Celebrate Recovery* when Baker was 15 years old. Later, Baker became involved with alcohol himself. Even though he saw his parents' marriage heal and watched his dad become a new person, he had to experience his own journey of healing. Baker began the process of recovery as a young adult. Now he serves on the leadership team of *Celebrate Recovery*, sharing his testimony of how God brought him back home. In the years since leaving alcohol behind, Baker has witnessed thousands of other lives change through the power of Christ. Whether you are dealing with substance abuse, relational struggles, or eating challenges, or you simply want to let go of what is holding you back in life, you will find answers in *The Road to Freedom*. In addition to telling his own story, Baker offers ten principles of healing. These life lessons remind you that pain has a purpose, small and steady improvement lasts longer than overnight change, serving others leads to deeper healing, and facing your problems is the only way to heal. *The Road to Freedom* will help you move from coping with hurts, hang-ups, and habits to the hope and health that only Jesus can bring. The first English translation of Sartre's unfinished fourth volume of *Roads of Freedom*, exploring themes central to Sartrean existentialism. A memoir of the Civil Rights Movement from one of its youngest heroes--now in paperback will an all-new discussion guide. As the youngest marcher in the 1965 voting rights march from Selma to Montgomery, Alabama, Lynda Blackmon Lowery proved that young adults can be heroes. Jailed eleven times before her fifteenth birthday, Lowery fought alongside Martin Luther King, Jr. for the rights of African-Americans. In this memoir, she shows today's young readers what it means to fight nonviolently (even when the police are using violence, as in the Bloody Sunday protest) and how it felt to be part of changing American history. Straightforward and inspiring, this beautifully illustrated memoir brings readers into the middle of the Civil Rights Movement, complementing Common Core classroom learning and bringing history alive for young readers. American s are justly proud of the role their country played in liberating Europe from Nazi tyranny. For many years, we have celebrated the courage of Allied soldiers, sailors, and aircrews who defeated Hitler's regime and restored freedom to the continent. But in recounting the heroism of the "greatest generation," Americans often overlook the wartime experiences of European people themselves -- the very people for whom the war was fought. In this brilliant new book, historian William I. Hitchcock surveys the European continent from D-Day to the final battles of the war and the first few months of the peace. Based on exhaustive research in five nations and dozens of archives, Hitchcock's groundbreaking account shows that the liberation of Europe was both a military triumph and a human tragedy of epic proportions. Hitchcock gives voice to those who were on the receiving end of liberation, moving them from the edge of the story to the center. From France to Poland to Germany, from concentration-camp internees to refugees, farmers to shopkeepers, husbands and wives to children, the experience of liberation was often difficult and dangerous. Their gratitude was mixed with guilt or resentment. Their lives were difficult to reassemble. This strikingly original, multinational history of liberation brings to light the interactions of soldiers and civilians, the experiences of noncombatants, and the trauma of displacement and loss amid unprecedented destruction. This book recounts a surprising story, often jarring and uncomfortable, and one that has never been told with such richness and depth. Ranging from the ferocious battle for Normandy (where as many French civilians died on D-Day as U.S. servicemen) to the plains of Poland, from the icy ravines of the Ardennes to the shattered cities and refugee camps of occupied Germany, *The Bitter Road to Freedom* depicts in searing detail the shocking price that Europeans paid for their freedom. Today, with American soldiers once again waging wars of liberation in faraway lands, this book serves as a timely and sharp reminder of the terrible human toll exacted by even the most righteous of wars. Traces the life of the Black woman orator who spoke out against slavery throughout New England and the Midwest. **NEW YORK TIMES BESTSELLER** From the former secretary of state and bestselling author -- a sweeping look at the global struggle for democracy and why America must continue to support the cause of human freedom. "This heartfelt and at times very moving book shows why democracy proponents are so committed to their work...Both supporters and skeptics of democracy promotion will come away from this book wiser and better informed." --The New York Times From the end of the Cold War and the collapse of the Soviet Union to the ongoing struggle for human rights in the Middle East, Condoleezza Rice has served on the front lines of history. As a child, she was an eyewitness to a third awakening of freedom, when her hometown of Birmingham, Alabama, became the epicenter of the civil rights movement for black Americans. In this book, Rice explains what these epochal events teach us about democracy. At a time when people around the world are wondering whether democracy is in decline, Rice shares insights from her experiences as a policymaker, scholar, and citizen, in order to put democracy's challenges into perspective. When the United States was founded, it was the only attempt at self-government in the world. Today more than half of all countries qualify as democracies, and in the long run that number will continue to grow. Yet nothing worthwhile ever comes easily. Using America's long struggle as a template, Rice draws lessons for democracy around the world -- from Russia, Poland, and Ukraine, to Kenya, Colombia, and the Middle East. She finds that no transitions to democracy are the same because every country starts in a different place. Pathways diverge and sometimes circle backward. Time frames for success vary dramatically, and countries often suffer false starts before getting it right. But, Rice argues, that does not mean they should not try. While the ideal conditions for democracy are well known in academia, they never exist in the real world. The question is not how to create perfect circumstances but how to move forward under difficult ones. These same insights apply in overcoming the challenges faced by governments today. The pursuit of democracy is a continuing struggle shared by people around the world, whether they are opposing authoritarian regimes, establishing new democratic institutions, or reforming mature democracies to better live up to their ideals. The work of securing it is never finished. A workbook for sex offenders incorporating the latest developments in relapse prevention training. It features the four-path R-P model and invites offenders, in an easy-to-read style, to examine their own approach to offending, addressing the high risk factors that trigger and maintain that approach. This book looks beyond the cognitive and behavioral linchpins of offending to the powerful emotional needs that energize deviant sex. The authors believe that only by learning to meet these needs in healthy ways can offenders attain the positive reinforcements that lead to maintaining important lifestyle changes. Newly-added sections address the role of polygraphy in sex offender treatment and the role of the Internet in sexual compulsivity. Celebrated for her courageous exploits as a conductor on the Underground Railroad, Harriet Tubman has entered history as one of nineteenth-century America's most enduring and important figures. But just who was this remarkable woman? To John Brown, leader of the Harpers Ferry slave uprising, she was General Tubman. For the many slaves she led north to freedom, she was Moses. To the slaveholders who sought her capture, she was a thief and a trickster. To abolitionists, she was a prophet. Now, in a biography widely praised for its impeccable research and its compelling narrative, Harriet Tubman is revealed for the first time as a singular and complex character, a woman who defied simple categorization. A brilliant and surprising account of the coming of the American Civil War, showing the crucial role of slaves who escaped to Mexico. The Underground Railroad to the North promised salvation to many American slaves before the Civil War. But thousands of people in the south-central United States escaped slavery not by heading north but by crossing the southern border into Mexico, where slavery was abolished in 1837. In *South to Freedom*, historian Alice L. Baumgartner tells the story of why Mexico abolished slavery and how its increasingly radical antislavery policies fueled the sectional crisis in the United States. Southerners hoped that annexing Texas and invading Mexico in the 1840s would stop runaways and secure slavery's future. Instead, the seizure of Alta California and Nuevo México upset the delicate political balance between free and slave states. This is a revelatory and essential new perspective on antebellum America and the causes of the Civil War.
