upthrust, four presidents, memorialized in granite, gaze across the rugged country of South Dakota's Black Hills. At the foot of the mountain lies Keystone, a small community indelibly linked to the carving of Mount Rushmore. In 1876, prospectors swarmed into the central Black Hills in search of gold. While they did find it, these early miners also found other minerals, such as tin and feldspar. By the turn of the 20th century, Keystone was well-known for its mineral riches, but also for the boom and bust cycles that often accompany mining. The town's future was guaranteed in 1925, however, when Gutzon Borglum, a noted sculptor, arrived to secure a location for a monument to American democracy. Borglum drew heavily on the skills of Keystone miners, putting them to work on a mountain that would soon portray the images of Presidents Washington, Jefferson, Lincoln, and Roosevelt. In this book, readers will find vintage photographs--many never before published--that, along with engaging narrative, tell the story of Keystone and the carving of Mount Rushmore. The Mount Rushmore National Memorial, a huge sculpture carved into the Black Hills of South Dakota, has become one of America's best loved icons. The images of four of America's greatest presidents are carved into the granite of Mount Rushmore, a task that took 14 years to complete. Peter Nielsen delivers a comprehensive list of facts about Mt. Rushmore, explaining how the project took shape, from the original idea to the final completion. Reading a long book can be overwhelming for a child, but Nielsen gives you the Mount Rushmore story in 57 easy to understand segments. We are sure that that you will be fascinated by the facts about Mount Rushmore in our book and that you will be encouraged to learn more about this majestic American national symbol. Gutzon Borglum, the sculptor of Mount Rushmore National Memorial, hoped that ten thousand years from now, when archaeologists came upon the four sixty-foot presidential heads carved in the Black Hills of South Dakota, they would have a clear and graphic understanding of American civilization. Borglum, the child of Mormon polygamists, had an almost Ahab-like obsession with Colossalism--a scale that matched his ego and the era. He learned how to be a celebrity from Auguste Rodin; how to be a political bully from Teddy Roosevelt. He ran with the Ku Klux Klan and mingled with the rich and famous from Wall Street to Washington. Mount Rushmore was to be his crowning achievement, the newest wonder of the world, the greatest piece of public art since Phidias carved the Parthenon. But like so many episodes in the saga of the American West, what began as a personal dream had to be bailed out by the federal government, a compromise that nearly drove Borglum mad. Nor in the end could he control how his masterpiece would be received. Nor its devastating impact on the Lakota Sioux and the remote Black Hills of South Dakota. Great White Fathers is at once the biography of a man and the biography of a place, told through travelogue, interviews, and investigation of the unusual records that one odd American visionary left behind. It proves that the best American stories are not simple; they are complex and contradictory, at times humorous, at other times tragic. In 1927, sculptor Gutzon Borglum began a project to carve the heads of four great American presidents into the granite of Mount Rushmore. Over the next 14 years, the 60-foot-high likenesses of George Washington, Thomas Jefferson, Abraham Lincoln, and Theodore Roosevelt emerged from the rock. Today, nearly 3 million people visit Mount Rushmore National Memorial each year. They come to marvel at the majestic beauty of the Black Hills of South Dakota and learn about the birth, growth, development, and preservation of our country.
