The Seeker Dec 19 2022 A bloody murder. An open and shut case? In Oliver Cromwell's London, nothing is as it seems - Captain Damian Seeker must battle to find justice, when an innocent man's life hangs in the balance. The Seeker Nov 18 2022 It is 1925 and India's struggle for independence is in disarray, impeded by factionalism among its leaders and rising incidents of unrest across the country. Meanwhile, having withdrawn himself from active politics, Mahatma Gandhi is in an ashram immersed in what he considers the most important undertaking of his life—the creation of a community that is wholly dedicated to the highest standards of self-discipline, tolerance, and austerity. Into this world comes a young British woman named Madeline, the daughter of a British admiral. Madeline has set her heart on becoming Gandhi's greatest disciple. Madeline's wish to serve him soon becomes an all-consuming desire to be near him at all times. Because her adoration of the great teacher is in direct conflict with his exacting moral and spiritual codes, Gandhi struggles with wanting to distance himself from her, yet wanting not to let go of her love and friendship. Using words preserved in their letters and diaries, and drawing on the reminiscences of others, the author has created a compelling fictional narrative based on the extraordinary friendship that lasted over two decades between these two people. Melanie fills Wanderer's thoughts with visions of the man Melanie loves - Jared, a human who still lives in hiding. Unable to separate herself from her body's desires, Wanderer yearns for a man she's never met. The book includes a biography of the author, a description of his main teachers, and a beautiful treatise by the author's main teacher on a single Prophetic statement in which the Prophet summarizes his own spiritual states. This volume also deals with death, the afterlife, the waking visions of the Prophet, his ability to pray for and intercede for those alive, and nearness to and friendship with God.

*The Seeker and the Monk* Jan 20 2023 What if we truly belong to each other? What if we are all walking around shining like the sun? Mystic, monk, and activist Thomas Merton asked those questions in the twentieth century. Writer Sophronia Scott is asking them today. In *The Seeker and the Monk*, Scott mines the extensive private journals of one of the most influential contemplative thinkers of the past for guidance on how to live in these fraught times. As a Black woman who is not Catholic, Scott both learns from and pushes back against Merton, holding spirited, and intimate conversations on race, ambition, faith, activism, nature, prayer, friendship, and love. She asks: What is the connection between contemplation and action? Is there ever such a thing as a wrong answer to a spiritual question? How do we care about the brutality in the world while not becoming overwhelmed by it? By engaging in this lively discourse, readers will gain a steady sense of how to dwell more deeply within--and even to love--this despairing and radiant world.

The novel works on many levels and excels at them all. ” —New York Journal of Books In this captivating and surprising novel of spiritual discovery—a No. 1 bestseller in India—a young American travels to India and finds himself tested physically, emotionally, and spiritually. Max Pzoras is the poster child for the American Dream. The child of Greek immigrants who grew up in a dangerous New York housing project, he triumphed over his upbringing and became a successful Wall Street analyst. Yet on the frigid December night he ’ s involved in a violent street scuffle, Max begins to confront questions about suffering and mortality that have dogged him since his mother ’ s death. His search takes him to the farthest reaches of India, where he encounters a mysterious night market, almost freezes to death on a hike up the Himalayas, and finds himself in an ashram in a drought-stricken village in South India. As Max seeks answers to questions that have bedeviled him—can yogis walk on water and live for 200 years without aging? Can a flesh-and-blood man ever achieve nirvana?—he struggles to overcome his skepticism and the pull of family tugging him home. In an ultimate bid for answers, he embarks on a dangerous solitary meditation in a freezing Himalayan cave, where his physical and spiritual endurance is put to its most extreme test. The Seeker King Oct 05 2021 A woman in the audience once handed Elvis a crown saying, “ You ’ re the King. ” “ No, honey, ” Elvis replied. “ There is only one king — Jesus Christ. I ’ m just a singer. ” Gary Tillery presents a coherent view of Elvis ’ s thoughts through such anecdotes and other recorded facts. We learn, for instance, that Elvis read thousands of books on religion; that his crisis over making bimbo movies like *Girl Happy* led him to writers such as Gurdjieff, Krishnamurti, and Helena Blavatsky; and that, while driving in Arizona, an epiphany he had inspired him to learn Hindu practice. Elvis came to believe that the Christ shines in everyone and that God wanted him to use his light to uplift people. And so he did. Elvis ’ s excesses were as legendary as his generosity, yet, despite his lethal reliance on drugs, he remained ever spiritually curious. When he died, he was reading *A Scientific Search for the Face of Jesus*. This intimate, objective portrait inspires new admiration for the flawed but exceptional man who said, “ All I want is to know and experience God. I ’ m a searcher, that ’ s what I ’ m all about. ”

The New American Spirituality Feb 26 2021 "Elizabeth Lesser offers up a rich cornucopia of lessons for the soul in *The New American Spirituality*, a warm and

fascinating account of a modern pilgrimage." --Daniel Goleman, Ph.D., author of Emotional Intelligence In the crowded field of books dealing with spirituality, psychology, and religion, what has been missing is a comprehensive, authoritative guide to the many choices facing spiritual seekers today. The New American Spirituality fills that need. This encouraging, empowering "user's manual" for the soul teaches you how to chart a unique and personal path through the diverse landscapes of the American spiritual quest. In 1977, Lesser cofounded the Omega Institute, now America's largest adult-education center focusing on wellness and spirituality. Working with many of the eminent thinkers and practitioners of our times in the fields of religion, psychology, mysticism, science, and healing, Lesser found that the hunger for a spiritual life can be satisfied by a rich blend of the world's wisdom traditions. In The New American Spirituality she synthesizes the lessons she has learned from different belief systems, and intertwines them with illuminating stories from her life as a seeker, teacher, daughter, wife, and mother. She answers pertinent questions--how do you determine what is right for you from the many strains of the modern spiritual search? how do you assess a teacher or practice? how can you gauge your progress?--while warning of the tendency to miss out on real growth by merely dabbling in the latest fads. Recounting her own trials and errors and offering meditative exercises as well as references to some of the world's great spiritual teachers, Lesser provides directions through the four landscapes of the spiritual journey: the mind: developing awareness, learning meditation, easing stress and anxiety the heart: finding what one really loves, dealing with grief and loss, becoming fully alive the body: returning the body to the spiritual fold, healing, coping with aging and the fear of death the soul: naming God for ourselves, exploring other realms of consciousness, trusting the mysterious nature of the universe, developing compassion and forgiveness Warm, accessible, and wise, The New American Spirituality is a cross-disciplinary sourcebook for the millions of Americans who, whether or not they participate in an organized religion, wish to incorporate a more meaningful, joyful, and individualized spirituality into their daily lives.
