The debut private eye murder mystery from Emmy Award-winning Seinfeld writer Matt Goldman: “A perfect blend of light touch and dark story.”—Lee Child The #1 New York Times Bestseller Serialised in the Sunday Times 'I loved this book.' Stephen King A masterful true crime account of the Golden State Killer - the elusive serial rapist turned murderer who terrorised California for over a decade - from Michelle McNamara, the gifted journalist who died tragically while investigating the case. 'You'll be silent forever, and I'll be gone in the dark.' For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called the Golden State Killer. Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. I'll Be Gone in the Dark - the masterpiece McNamara was writing at the time of her sudden death - offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman's obsession and her unflagging pursuit of the truth. Framed by an introduction by Gillian Flynn and an afterword by her husband, Patton Oswalt, the book was completed by Michelle's lead researcher and a close colleague. Utterly original and compelling, it is destined to become a true crime classic - and may at last unmask the Golden State Killer. INSTANT NEW YORK TIMES BESTSELLER An Amazon “Best Book of 2019” A Washington Post “10 Books To Read in July” A Los Angeles Times “Seven Highly Anticipated Books for Summer Reading” A USA Today “20 of the Season’s Hottest New Books” A New York Post “25 Best Beach Reads of 2019 You Need to Pre-Order Now” A Bustle “The Best New True Crime Books You Can Read Right Now” “Maureen Callahan’s deft reporting and stylish writing have created one of the all-time-great serial-killer books: sensitive, chilling, and completely impossible to put down.” —Ada Calhoun, author of St. Marks Is Dead Ted Bundy. John Wayne Gacy. Jeffrey Dahmer. The names of notorious serial killers are usually well-known; they echo in the news and in public consciousness. But most people have never heard of Israel Keyes, one of the most ambitious and terrifying serial killers in modern history. The FBI considered his behavior unprecedented. Described by a prosecutor as "a force of pure evil," Keyes was a predator who struck all over the United States. He buried "kill kits"--cash, weapons, and body-disposal tools--in remote locations across the country. Over the course of fourteen years, Keyes would fly to a city, rent a car, and drive thousands of miles in order to use his kits. He would break into a stranger's house, abduct his victims in broad daylight, and kill and dispose of them in mere hours. And then he would return home to Alaska, resuming life as a quiet, reliable construction worker devoted to his only daughter. When journalist Maureen Callahan first heard about Israel Keyes in 2012, she was captivated by how a killer of this magnitude could go undetected by law enforcement for over a decade. And so began a project that consumed her for the next several years--uncovering the true story behind how the FBI ultimately caught Israel Keyes, and trying to understand what it means for a killer like Keyes to exist. A killer who left a path of monstrous, randomly committed crimes in his wake--many of which remain unsolved to this day. American Predator is the ambitious culmination of years of interviews with key figures in law enforcement and in Keyes's life, and research uncovered from classified FBI files. Callahan takes us on a journey into the chilling, nightmarish mind of a relentless killer, and to the limitations of traditional law enforcement. The first in New York Times bestselling author Michael Grant's breathtaking dystopian sci-fi saga, Gone is a page-turning thriller that invokes the classic The Lord of the Flies along with the horror of Stephen King. In the blink of an eye, everyone disappears. Gone. Except for the young. There are teens, but not one single adult. Just as suddenly, there are no phones, no internet, no television. No way to get help. And no way to figure out what's happened. Hunger threatens. Bullies rule. A sinister creature lurks. Animals are mutating. And the teens themselves are changing, developing new talents—unimaginable, dangerous, deadly powers—that grow stronger by the day. It's a terrifying new world. Sides are being chosen, a fight is shaping up. Townies against rich kids. Bullies against the weak. Powerful against powerless. And time is running out: on your birthday, you disappear just like everyone else. . . . “A potent mix of action and thoughtfulness—centered around good and evil, courage and cowardice—renders this a tour de force that will leave readers dazed, disturbed, and utterly breathless.” —ALA Booklist (starred review) Read the entire series: Gone Hunger Lies Plague Fear Light Monster Villain Hero Creatures in your basement? Undead spooking your castle? Infestation of goblins? Beast Be Gone will clear out those pesky pests and save your health and business - (no dragons) Adventurers rampage across the land, stealing everything from bread rolls to ancient heirlooms, slaughtering countless innocent monsters in their hunt for glory. Eric, the owner of Beast Be Gone pest control, knows that most creatures can be removed with a bit of repellent, however the adventurers want to do things the flashy way; blowing up half of the dungeon with fireballs in the process. With no work left, Eric is broke and desperate. That is until a young woman equipped with mechanical gadgets becomes his apprentice. Together they uncover the mystery of a diabolical plot that answers the timeless questions about adventuring... Why are there so many Chosen Ones? Are goblins inherently evil or are they just misunderstood? Why do all the shopkeepers say they have the best swords in the land? What are the socio-economic implications of all these sword merchants? Somebody wants a world full of adventurers, but why...? Terry Pratchett meets Ghostbusters in an RPG world. Beast Be Gone is a hilarious new fantasy comedy novel, which explores the stories of the underdogs of fantasy tales, sometimes known as NPC's. They're normal folk just wanting to go to the shops without getting stabbed by a sneaky guy in a cape who got bored of hunting goblins. A must-read for anyone who loves RPG's and online games (although you'll never be able to play them again without feeling bad for the men who have to clear up the mess you left behind in dungeons). Suitable for adults, YA and teens. Available in kindle, ebook and paperback. First published August 2021. Lauren has visions of girls her own age who are gone without a trace, but while she tries to understand why they are speaking to her and whether she is next, Lauren has a brush with death and a shocking truth emerges. ***UPDATED SINCE THE CAPTURE OF THE GOLDEN STATE KILLER!*** In her chilling and exhaustive true crime memoir, Michelle McNamara traces the trail of the Golden State Killer--a man who viciously raped and murdered dozens of people in California more than 40 years ago--and who evaded police just as long. What does this ZIP Reads Summary Include? Synopsis of the original bookDetailed Chapter-by-chapter summariesA guide to the detectives, victims, and crimes linked to the killerGripping retellings of some of the original murdersAn in-depth editorial reviewSpecial addendum covering the capture of the killerBackground on the authorAbout the Original Book: In I'll Be Gone in the Dark, Michelle McNamara leaves no stone unturned in her decade-long search

for the Golden State Killer. Teaming up with detectives and amateurs alike, this case seemed to affect everyone who got close to it. Her book is expertly crafted and immediately draws you in. It is part memoir, part true crime novel, and will have you checking your locks before you go to bed. **DISCLAIMER:** This book is intended as a companion to, not a replacement for, *I'll Be Gone in the Dark: One Woman's Obsessive Search for the Golden State Killer*. ZIP Reads is wholly responsible for this content and is not associated with the original author in any way. *I'll Be Gone in the Dark: One Woman's Obsessive Search for the Golden State Killer* (2018) describes author Michelle McNamara's quest to identify a California serial killer who committed a rash of rapes and murders during the 1970s and 1980s. The book examines both the serial killer's crimes and the efforts made by law enforcement and amateur detectives to identify him... Purchase this in-depth summary to learn more. *A Wall Street Journal Top 10 Best Book of the Year* From John Edgar Wideman, a modern "master of language" (The New York Times Book Review), comes a stunning story collection that spans a range of topics from Michael Jordan to Emmett Till, from childhood memories to the final day in a prison cell. In *Look For Me and I'll Be Gone*, his sixth collection of stories, John Edgar Wideman imbues with energy and life the concerns that have consistently infused his fiction and nonfiction. How does it feel to grow up in America, a nation that—despite knowing better, despite its own laws, despite experiencing for hundreds of years the deadly perils and heartbreak of racial division—encourages (sometimes unwittingly, but often on purpose) its citizens to see themselves as colored or white, as inferior or superior. Never content merely to tell a story, Wideman seeks once again to create language that delivers passages like jazz solos, and virtuosic manipulations of time to entangle past and present. The story "Separation" begins with a boy afraid to stand alone beside his grandfather's coffin, then wends its way back and forth from Pittsburgh to ancient Sumer. "Atlanta Murders" starts with two chickens crossing a road and becomes a dark riff, contemplating "Evidence of Things Not Seen," James Baldwin's report on the 1979–1981 child murders in Atlanta, Georgia. Comprised of fictions of the highest caliber and relevancy by a writer whose imagination and intellect "prove his continued vitality...with vigor and soul" (Entertainment Weekly), *Look For Me and I'll Be Gone* will entrance and surprise committed Wideman fans and newcomers alike. Extraordinarily suspenseful and truly gut-wrenching, *The Spider and the Fly* is not just a superb true-crime story but an insightful investigation of the nature of evil, the fragility of good, and the crooked road that can turn human beings into monsters. A must-read.' GILLIAN FLYNN, author of the #1 New York Times bestseller *Gone Girl* 'Well, well, Claudia. Can I call you Claudia? I'll have to give it to you, when confronted at least you're honest, as honest as any reporter . . . You want to go into the depths of my mind and into my past. I want a peek into yours. It is only fair, isn't it?' Kendall Francois, serial killer In this extraordinary, white-knuckle account of a series of horrifying true crimes, journalist Claudia Rowe chronicles her disturbing connection with a serial killer convicted of murdering eight women. An enthralling combination of memoir and psychological suspense, *The Spider and the Fly* reveals Claudia's chilling correspondence with the killer, his shocking confessions and her search to understand the darkness inside us all. 'Part psychological thriller and part gut-wrenching memoir, *The Spider and the Fly* crosses boundaries on nearly every page. It is chilling, self-revelatory, and unforgettable.' ROBERT KOLKER, author of the New York Times bestseller *Lost Girls: An unsolved American mystery* 'Claudia Rowe catalogues her obsession with a serial killer so mesmerizingly that before I knew it, I too was obsessed . . . But this is not merely a recounting of a descent, it is equally a memoir of discovery through the lens of potential evil. I literally could not put it down.' ALAN CUMMING, author of the New York Times bestseller *Not My Father's Son* "Honest, warm, humane, and at times shocking, *As Good as Gone* is an achievement of empathy and dignity." —Smith Henderson, author of *Fourth of July Creek* Calvin Sidey is always ready to run, and it doesn't take much to set him in motion. As a young man, he ran from this block, from Gladstone, from Montana, from this country. From his family and the family business. He ran from sadness, and he ran from responsibility. If the gossip was true, he ran from the law. It's 1963, and Calvin Sidey, one of the last of the old cowboys, has long ago left his family to live a life of self-reliance out on the prairie. He's been a mostly absentee father and grandfather until his estranged son asks him to stay with his grandchildren, Ann and Will, for a week while he and his wife are away. So Calvin agrees to return to the small town where he once was a mythic figure, to the very home he once abandoned. But trouble soon comes to the door when a boy's attentions to seventeen-year-old Ann become increasingly aggressive and a group of reckless kids portend danger for eleven-year-old Will. Calvin knows only one way to solve problems: the Old West way, in which scores are settled and ultimatums are issued and your gun is always loaded. And though he has a powerful effect on those around him—from the widowed neighbor who has fallen under his spell to Ann and Will, who see him as the man who brings a sudden and violent order to their lives—in the changing culture of the 1960s, Calvin isn't just a relic; he's a wild card, a danger to himself and those who love him. In *As Good as Gone*, Larry Watson captures our longing for the Old West and its heroes, and he challenges our understanding of loyalty and justice. Both tough and tender, it is a stunning achievement. *Gone For Good* is the first in a new mystery series from award-winning author Joanna Schaffhausen, featuring Detective Annalisa Vega, in which a cold case heats up. The Lovelorn Killer murdered seven women, ritually binding them and leaving them for dead before penning them gruesome love letters in the local papers. Then he disappeared, and after twenty years with no trace of him, many believe that he's gone for good. Not Grace Harper. A grocery store manager by day, at night Grace uses her snooping skills as part of an amateur sleuth group. She believes the Lovelorn Killer is still living in the same neighborhoods that he hunted in, and if she can figure out how he selected his victims, she will have the key to his identity. Detective Annalisa Vega lost someone she loved to the killer. Now she's at a murder scene with the worst kind of déjà vu: Grace Harper lies bound and dead on the floor, surrounded by clues to the biggest murder case that Chicago homicide never solved. Annalisa has the chance to make it right and to heal her family, but first, she has to figure out what Grace knew—how to see a killer who may be standing right in front of you. This means tracing his steps back to her childhood, peering into dark corners she hadn't acknowledged before, and learning that despite everything the killer took, she has still so much more to lose. When a presidential candidate's quest for the White House is jeopardized by his wife's plans to go public with his infidelities, his ambitious and powerful father, a former Deputy Director of the CIA, goes rogue, and recalls from retirement an exceptionally skilled assassin to abduct and eliminate his daughter-in-law. The supportive sentiment that the loss of his son's wife would elicit from a sympathetic voting public, at a crucial point in the campaign, compels the candidate's father, a former White House aspirant himself, to force Lt. Colonel John "Lilly" Lelankevitch to operate against a very personal code. Lelankevitch, a Vietnam vet and former Agency operative, had built and employed psychological defenses that allowed him to take the lives of other human beings, when he saw or felt the presence of evil in those targets. Now, Lilly's decade-long peaceful retirement with a loving wife and young son is blown apart when his boy is kidnapped. The boy's safe return is contingent on Lelankevitch accepting and carrying out this assignment to kill again. But will Lilly kill an innocent? Or will the resurrection of this trained killer result in a new campaign against evil in every form? **NEW YORK TIMES BEST SELLER** • From the indie rock sensation known as Japanese Breakfast, an unforgettable memoir about family, food, grief, love, and growing up Korean American—"in losing her mother and cooking to bring her back to life, Zauner became herself" (NPR) • **CELEBRATING OVER ONE YEAR ON THE NEW YORK TIMES BEST SELLER LIST** In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band—and meeting the man who would become her husband—her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread. Mike Knight, an executive in a semiconductor firm, learns that his eight-year-old son Tim has a rare form of brain cancer. Tim's best hope for long-term survival is a drug called Supragrel. Unfortunately, Supragrel is still in early clinical trials and may reach the market too late. Mike makes the agonizing decision to quit his job and go to work for Altus Labs, the developer of Supragrel, in hopes of helping them bring the drug to market more quickly. Mike is in for the challenge of his life as he struggles to keep his family together while racing against time to implement world-class project management in Altus Labs. *Critical Chain Project Management* is a superior project management process that has been quietly

implemented in some of the world's best-known companies for over a decade. This book tells you the story of a Critical Chain Project Management implementation. The venue is a major pharmaceutical company, but it could happen anywhere in corporate America. **NATIONWIDE POLLS AND DENOMINATIONAL REPORTS ARE SHOWING THAT THE NEXT GENERATION IS CALLING IT QUILTS ON THE TRADITIONAL CHURCH.** Jeanie's little brother Jake keeps annoying Jeanie, until finally she wishes him to disappear; unfortunately her friend Willow the genie (whose wish-granting powers are not exactly well controlled) is with her at the time--and now the girls have to figure out where Jake has gone and how to get him back. My goal is to bring true life to those who feel they are all alone in the world; however, they know there is freedom beyond their heartache and pain. Subtitle in pre-publication: A memoir of friendship, sex, and murder in the Hollywood Hills. **FINALIST FOR THE J. ANTHONY LUKAS BOOK PRIZE NATIONAL BESTSELLER Named One of The Best Books of 2020 by NPR's Fresh Air * Publishers Weekly * Marie Claire * Redbook * Vogue * Kirkus Reviews * Book Riot * Bustle A Recommended Book by The New York Times * The Washington Post * Publisher's Weekly * Kirkus Reviews* Booklist * The Boston Globe * Goodreads * Buzzfeed * Town & Country * Refinery29 * BookRiot * CrimeReads * Glamour * Popsugar * PureWow * Shondaland Dive into a "tour de force of investigative reporting" (Ron Chernow): a "searching, atmospheric and ultimately entrancing" (Patrick Radden Keefe) true crime narrative of an unsolved 1969 murder at Harvard and an "exhilarating and seductive" (Ariel Levy) narrative of obsession and love for a girl who dreamt of rising among men. You have to remember, he reminded me, that Harvard is older than the U.S. government. You have to remember because Harvard doesn't let you forget. 1969: the height of counterculture and the year universities would seek to curb the unruly spectacle of student protest; the winter that Harvard University would begin the tumultuous process of merging with Radcliffe, its all-female sister school; and the year that Jane Britton, an ambitious twenty-three-year-old graduate student in Harvard's Anthropology Department and daughter of Radcliffe Vice President J. Boyd Britton, would be found bludgeoned to death in her Cambridge, Massachusetts apartment. Forty years later, Becky Cooper a curious undergrad, will hear the first whispers of the story. In the first telling the body was nameless. The story was this: a Harvard student had had an affair with her professor, and the professor had murdered her in the Peabody Museum of Archaeology and Ethnology because she'd threatened to talk about the affair. Though the rumor proves false, the story that unfolds, one that Cooper will follow for ten years, is even more complex: a tale of gender inequality in academia, a 'cowboy culture' among empowered male elites, the silencing effect of institutions, and our compulsion to rewrite the stories of female victims. **We Keep the Dead Close** is a memoir of mirrors, misogyny, and murder. It is at once a rumination on the violence and oppression that rules our revered institutions, a ghost story reflecting one young woman's past onto another's present, and a love story for a girl who was lost to history. The "remarkable" story of the grass-roots movement that freed millions of Jews from the Soviet Union (*The Plain Dealer*). At the end of World War II, nearly three million Jews were trapped inside the USSR. They lived a paradox—unwanted by a repressive Stalinist state, yet forbidden to leave. **When They Come for Us, We'll Be Gone** is the astonishing and inspiring story of their rescue. Journalist Gal Beckerman draws on newly released Soviet government documents as well as hundreds of oral interviews with refuseniks, activists, Zionist "hooligans," and Congressional staffers. He shows not only how the movement led to a mass exodus in 1989, but also how it shaped the American Jewish community, giving it a renewed sense of spiritual purpose and teaching it to flex its political muscle. Beckerman also makes a convincing case that the effort put human rights at the center of American foreign policy for the very first time, helping to end the Cold War. This "wide-ranging and often moving" book introduces us to all the major players, from the flamboyant Meir Kahane, head of the paramilitary Jewish Defense League, to Soviet refusenik Natan Sharansky, who labored in a Siberian prison camp for over a decade, to Lynn Singer, the small, fiery Long Island housewife who went from organizing local rallies to strong-arming Soviet diplomats (*The New Yorker*). This "excellent" multigenerational saga, filled with suspense and packed with revelations, provides an essential missing piece of Cold War and Jewish history (*The Washington Post*). **I'll Be Gone** is not just the story of an accidental masterpiece, a song written by Mike Rudd and recorded by his seminal Australian band 'Spectrum' in 1969. It is also the story of a time of unprecedented political and cultural upheaval and promise both in Australia and the Western world. Most of all, **I'll Be Gone** is the story of a unique artist and his unerring artistic vision, often in the face of immense personal hardship and sorrow. Things should be great for Janie - she has graduated from high school and is spending her summer with Cabel, the guy she's totally in love with. But deep down she's panicking about how she's going to survive her future when getting sucked into other people's dreams is really starting to take its toll. Things get even more complicated when she meets her father for the very first time -and he's in a coma. As Janie uncovers his secret past, she begins to realize that the choice she thought she had has more dire consequences than she ever imagined. The spellbinding memoir of a violin virtuoso who loses the instrument that had defined her both on stage and off -- and who discovers, beyond the violin, the music of her own voice Her first violin was tiny, harsh, factory-made; her first piece was "Twinkle Twinkle, Little Star." But from the very beginning, Min Kym knew that music was the element in which she could swim and dive and soar. At seven years old, she was a prodigy, the youngest ever student at the famed Purcell School. At eleven, she won her first international prize; at eighteen, violinist great Ruggiero Ricci called her "the most talented violinist I've ever taught." And at twenty-one, she found "the one," the violin she would play as a soloist: a rare 1696 Stradivarius. Her career took off. She recorded the Brahms concerto and a world tour was planned. Then, in a London café, her violin was stolen. She felt as though she had lost her soulmate, and with it her sense of who she was. Overnight she became unable to play or function, stunned into silence. In this lucid and transfixing memoir, Kym reckons with the space left by her violin's absence. She sees with new eyes her past as a child prodigy, with its isolation and crushing expectations; her combustible relationships with teachers and with a domineering boyfriend; and her navigation of two very different worlds, her traditional Korean family and her music. And in the stark yet clarifying light of her loss, she rediscovers her voice and herself. **Lucy Miller's** family has the unique ability to remove people's painful memories—but Lucy isn't prepared for truths she will uncover in this twisty speculative thriller, perfect for fans of *Eternal Sunshine of the Spotless Mind* and *Neal Shusterman*. People come from everywhere to forget. At the Memory House, in Tumble Tree, Texas, Lucy's father can literally erase folks' heartache and tragic memories. Lucy can't wait to learn the family trade and help alleviate others' pain, and now, at sixteen, she finally can. But everything is not as it seems. When Lucy practices memory-taking on her dad, his memory won't come loose, and in the bit that Lucy sees, there's a flash of Mama on the day she died, tinged red with guilt. Then Lucy wakes up the next morning with a bruised knee, a pocketful of desert sand, and no memory of what happened. She has no choice but to listen to Marco Warman—a local boy she's always wondered about, who seems to know more than he should. As Lucy and Marco realize there are gaps in their own memories, they team up to fill in the missing pieces—to figure out what's really going on in their town, and to uncover their own stolen history along the way. But as the mysteries pile up one thing becomes certain: There are some secrets people will do anything to keep. This book is based on the actual case of the East Area Rapist, later also known as the Original Night Stalker, a masked man who terrorized California communities for ten years; 1976 through 1986, and possibly to this day. Because I was not involved in the initial rape investigations, they are written from hundreds of reports, notes, memos, newspaper clippings, conversations and interviews with those who were involved. The crimes are factual. The crimes are real. While all characters and events have direct counterparts in the telling of the story, I have created some dialogue in the interest of readability. The cops in the initial rapes are not factual, their actions are. Their names and descriptions are completely fictitious. The names of the victims, witnesses and suspects are fictitious; the terror, the dialogue during the crimes, and the investigations are real. The cops involved in the cases after I was involved are real, their names and dialogue is factual, the investigations are real. The pain and terror may have diminished in the minds of the victims, I hope that the pain does not return. My intent is to tell the story without endangering the privacy or the dignity of the victims. They have suffered enough. **THE BASIS FOR THE MAJOR 6-PART HBO® DOCUMENTARY SERIES #1 NEW YORK TIMES BESTSELLER A BEST BOOK OF THE YEAR: Washington Post | Maureen Corrigan, NPR | Paste | Seattle Times | Entertainment Weekly | Esquire | Slate | Buzzfeed | Jezebel | Philadelphia Inquirer | Publishers Weekly | Kirkus Reviews | Library Journal | Bustle Winner of the Goodreads Choice Awards for Nonfiction | Anthony Award Winner | SCIBA Book Award Winner | Finalist for the Edgar Award for Best Fact Crime | Longlisted for the Carnegie Medal for Excellence** The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. The haunting true story of the elusive serial rapist turned murderer who terrorized California during the 70s and 80s, and of the gifted journalist who died tragically while investigating the case—which was solved in April 2018. Patton Oswalt "A brilliant genre-buster.... Propulsive, can't-stop-now reading." —Stephen King For more than ten years, a mysterious and violent predator committed fifty sexual assaults in Northern California before moving south, where he perpetrated ten sadistic murders. Then he disappeared, eluding capture by multiple police forces and some of the best detectives in the area. Three decades later, Michelle McNamara, a true crime journalist who created the popular website TrueCrimeDiary.com, was determined to find the violent psychopath she called "the Golden State Killer." Michelle pored over police reports, interviewed victims, and embedded herself in the online communities that were as obsessed with the case as she was. *I'll Be Gone in the Dark*—the masterpiece McNamara was writing at the time of her sudden death—offers an atmospheric snapshot of a moment in American history and a chilling account of a criminal mastermind and the wreckage he left behind. It is also a portrait of a woman's obsession and her unflagging pursuit of the truth. Utterly original and compelling, it has been hailed as a modern true crime classic—one which fulfilled Michelle's dream: helping unmask the Golden State Killer. A great way to jump-start your career in pharmaceutical and biotechnology sales! "Be brief, be bright, be gone" is the philosophy that launched David Currier to a successful career as a pharmaceutical sales representative. Simply stated, this approach encourages aspiring sales professionals to: Be brief-Keep your sales presentations short and to the point. Be bright-Understand your product and its clinical context. Be gone-Respect your customer's time. But that is only one piece of advice an aspiring representative should retain from this book. This book also covers: Pros and cons of a career in pharma/biotech sales How to land a job with a major pharma/biotech company Getting to know your customers (physicians and hospitals) Selling skills, basic etiquette, sales call basics and lots more, including 10 key tips that help ensure long-term career success. This is the book that top pharmaceutical and biotech sales trainers have asked for! "I wish I read this book when I got started. It is easily the best book I have seen on the subject."-Ellen F. Simes, Springfield, MA, Pharma/biotech trainer "Anyone even thinking about a career in the industry should read this book."-Pam Marinko, Wilmington, NC, Pharma/biotech trainer "Wow! Very well done. Some really good information for folks just starting out-and for veterans like me, too."-JoAnne Skypeck, Holyoke, MA, Pharmaceutical sales representative Summary of *I'll Be Gone in the Dark* The late Michelle McNamara was a remarkable writer who had uncompromising attention to detail and a relentless obsession to uncover the truth. In her book, *I'll be Gone in the Dark*, McNamara wrote about the mystery surrounding the man she dubbed the Golden State Killer. McNamara visited crime scenes, met with investigators and police, talked with survivors and victims' family members, and poured over a long-neglected cache of documents. She used social media and enlisted the help of an online community of fellow investigators to hone in on the serial rapist and killer. The book is a chronological account of the crimes of the killer during the 1970s and 1980s throughout California. The Golden State Killer was a brazen criminal who is associated with at least 12 murders and 45 rapes. McNamara painted a chilling picture of his methodical attention to detail and his total lack of empathy for any of the people he attacked. The killer took time to get to know his victims before each attack, often entering their homes and going through their personal items in advance of his crimes. He had information about when they left their homes and when they returned. Often, the killer knew the precise time that a husband departed for work, leaving the female alone and vulnerable. The killer made comments that indicated that he watched his victims. Once, he told one victim to leave her high heels on when he raped her and referenced her tendency to wear stilettos when she was making love to her husband. The killer was methodical and precise. His modus operandi was consistent, leaving little doubt that the same person committed many crimes. He often used things he found in the homes and yards as weapons to kill and torture his victims. The Golden State Killer frequently tied his victims securely using Diamond knots in multiple crimes. Frequently, he would attack a couple and tie up the man while he raped the woman. The killer placed cups and saucers on the backs of male victims, so he could hear the dishes fall if the man attempted to get up. Investigators compared many of his techniques to tactics used in guerrilla warfare. The murderer sometimes cried and occasionally called out for his mother. The patterns in each crime were similar. One investigator said that the killer was very good at what he did, but he repeated the same basic things at each location. At many of the crime scenes, the Golden State Killer went into the kitchens where he ate food from the refrigerator in between his brutal attacks. Occasionally, he left bread and milk on the counter to demonstrate to investigators that he committed the heinous crimes in leisure. McNamara never lived to see the Golden State Killer arrested. In her epilogue, she wrote, "One day soon you'll hear a car pull up to your curb, an engine cut out. You'll hear footsteps coming up your walk." She died before police arrested 72-year-old Joseph James DeAngelo for the crimes based on DNA evidence. When she died, the book was just half finished. Her husband, Patton Oswalt, was determined to see the project completed. He hired Billy Jensen, an investigative journalist and Paul Haynes, who worked as a researcher with McNamara, to complete the project. Together, Haynes and Jensen pulled together her unfinished book, her handwritten notes, and over 3,500 files on her computer. The result was a chilling and vivid account of the serial killer and a compelling exploration of McNamara's obsession with the case. The book ends with McNamara's letter to the Golden State Killer where she predicted his eventual capture. Here is a Preview of What You Will Get: □ A Full Book Summary □ An Analysis □ Fun quizzes □ Quiz Answers □ Etc. Get a copy of this summary and learn about the book. A gripping, twisty new thriller from the bestselling author of *The Ice Beneath Her*, perfect for fans of Will Dean's *Dark Pines*. A case as cold as the season. A profiler who can't remember. A killer ready to strike again. Psychological profiler Hanne Lagerlind-Schön and her partner, investigator Peter Lindgren are invited to the small, sleepy industrial town of Ormberg to investigate a cold case: ten years earlier a five-year-old girl's remains were found in a cairn near the town. But when a recurring memory problem resurfaces, Hanne struggles to keep track of the case. She begins keeping a diary, noting down everything she is likely to forget to keep up appearances so she doesn't lose her job. When the body of a woman is found at the cairn and one of Hanne's shoes is found nearby covered in the victim's blood, can Hanne's diary hold the key to what happened? How does this new murder connect to their old one? How can you put together what happened when the pieces keep fading away? Best-selling author, Susan Beth Pfeffer, delivers a riveting companion to *Life As We Knew It* in this enthralling tale that follows seventeen-year-old Alex Morales as he fights to survive in the aftermath of apocalyptic events in New York City. Alex Morales is an average high schooler focused on his after-school job, helping his dad out with building superintendent responsibilities, and getting good grades so he can make it into an Ivy League college. But when the moon alters its gravitational pull and catastrophic events ensue, everything changes. Now, he has to care for his younger sisters, decide whether it's ethical to rob the dead, and keep the hope alive that their lost parents will return. Bone-chilling and harrowing, Susan Beth Pfeffer investigates what it takes to survive when the odds are stacked against you in this captivating story about sacrifice and humanity. Jeanie's little brother Jake keeps annoying Jeanie, until finally she wishes him to disappear; unfortunately her friend Willow the genie (whose wish-granting powers are not exactly well controlled) is with her at the time--and now the girls have to figure out where Jake has gone and how to get him back. ***With an exclusive behind-the-scenes conversation between Billy Jensen and retired detective Paul Holes on the Golden State Killer, their favorite cold cases, and more*** Have you ever wanted to solve a murder? Gather the clues the police overlooked? Put together the pieces? Identify the suspect? Journalist Billy Jensen spent fifteen years investigating unsolved murders, fighting for the families of victims. Every story he wrote had one thing in common—they didn't have an ending. The killer was still out there. But after the sudden death of a friend, crime writer and author of *I'll Be Gone in the Dark*, Michelle McNamara, Billy became fed up. Following a dark night, he came up with a plan. A plan to investigate past the point when the cops had given up. A plan to solve the murders himself. You'll ride shotgun as Billy identifies the Halloween Mask Murderer, finds a missing girl in the California Redwoods, and investigates the only other murder in New York City on 9/11. You'll hear intimate details of the hunts for two of the most terrifying serial killers in history: his friend Michelle McNamara's pursuit of the Golden State Killer and his own quest to find the murderer of the Allenstown Four. And Billy gives you the tools—and the rules—to help solve murders yourself. Gripping, complex, unforgettable, *Chase Darkness with Me* is an examination of the evil forces that walk among us, illustrating a novel way to catch those killers, and a true-crime narrative unlike any you've read before. An unforgettable German bestseller about the European refugee crisis: "Erpenbeck will get under your skin" (Washington Post Book World) *Go, Went, Gone* is the masterful new novel by the acclaimed German writer Jenny Erpenbeck, "one of the most significant German-language novelists of her generation" (The Millions). The novel tells the tale of Richard, a retired classics professor who lives in Berlin. His wife has died, and he lives a routine existence until one day he spies some African refugees staging a hunger strike in Alexanderplatz. Curiosity turns to compassion and an inner transformation, as he visits their shelter, interviews them, and becomes embroiled in their harrowing fates. *Go, Went, Gone* is a scathing indictment of Western policy toward the European refugee crisis, but also a touching portrait of a man who finds he has more in common with

the Africans than he realizes. Exquisitely translated by Susan Bernofsky, *Go, Went, Gone* addresses one of the most pivotal issues of our time, facing it head-on in a voice that is both nostalgic and frightening. Small town murders. Big time thrills. A suspenseful, modern update of the classic mystery TV series that's perfect for fans of *One of Us Is Lying*, *Sadie*, and *Gossip Girl*. "Killers walk among us. Statistically, at least one of them knows your name..." Beatrice Fletcher is obsessed with unsolved murders in her small town of Cabot Cove, Maine like her great-aunt Jessica, the famous mystery writer. But when her best friend Jackson goes missing, this time the mystery is personal. Then Jackson fails to show up for a late night meet-up, and instead, Bea stumbles upon three students from the elite Broadmoor Academy: overly-friendly and slightly vicious Leisl, her aloof twin brother, Leif, and Carlos, who knows more about, well, everything than he's letting on. They're worldly, secretive, and big on playing games like *tenace*, the hush-hush Broadmoor tradition where anything or anyone can be a clue to future fame and fortune, and players will stop at nothing -- including murder -- to get ahead. If Bea wants to find Jackson, she too must join the game and play to win. Everyone in Cabot Cove has secrets, and it's up to Bea to ferret them out before it's too late in this thrilling modern update of the classic television show. A Catholic cop tracks an IRA master bomber amidst the sectarian violence of the conflict in Northern Ireland in this pulse-pounding thriller from The New York Times bestselling and Edgar Award-winning author Adrian McKinty. "McKinty's writing is dark and witty with gritty realism, spot-on dialogue, and fascinating characters." —The Chicago Sun-Times

It's the early 1980s in Belfast. Sean Duffy, a conflicted Catholic cop in the Protestant RUC (Royal Ulster Constabulary), is recruited by MI5 to hunt down Dermot McCann, an IRA master bomber who has made a daring escape from the notorious Maze prison. In the course of his investigations Sean discovers a woman who may hold the key to Dermot's whereabouts; she herself wants justice for her daughter who died in mysterious circumstances in a pub locked from the inside. Sean knows that if he can crack the "locked-room mystery," the bigger mystery of Dermot's whereabouts might be revealed to him as a reward. Meanwhile the clock is ticking down to the Conservative Party conference in Brighton in 1984, where Mrs. Thatcher is due to give a keynote speech... From a Pulitzer Prize and National Book Award finalist, a ferociously intimate story of a family facing the ultimate question: how far will we go to save the people we love the most? When Margaret's fiancée, John, is hospitalized for depression in 1960s London, she faces a choice: carry on with their plans despite what she now knows of his condition, or back away from the suffering it may bring her. She decides to marry him. *Imagine Me Gone* is the unforgettable story of what unfolds from this act of love and faith. At the heart of it is their eldest son, Michael, a brilliant, anxious music fanatic who makes sense of the world through parody. Over the span of decades, his younger siblings -- the savvy and responsible Celia and the ambitious and tightly controlled Alec -- struggle along with their mother to care for Michael's increasingly troubled and precarious existence. Told in alternating points of view by all five members of the family, this searing, gut-wrenching, and yet frequently hilarious novel brings alive with remarkable depth and poignancy the love of a mother for her children, the often inescapable devotion siblings feel toward one another, and the legacy of a father's pain in the life of a family. With his striking emotional precision and lively, inventive language, Adam Haslett has given us something rare: a novel with the power to change how we see the most important people in our lives. "Haslett is one of the country's most talented writers, equipped with a sixth sense for characterization"-Wall Street Journal "Ambitious and stirring . . . With *Imagine Me Gone* , Haslett has reached another level."-New York Times Book Review
