*OH NO! Pee-Pee is about a puppy that goes pee-pee everywhere. This book was written for young children to practice early functional consonant-vowel consonant-vowel words. The book is a repetitive style so kids can predict. Kids will LOVE to see where puppy goes pee-pee next! During seventy-five years of colonial rule, New Zealand sent an assortment of characters to administer the Cook Islands. The author follows the trail of these rulers through the archives of both countries, in their personal letters and in the memory of the people. More than fifty recipes that children can help prepare—no stove or oven required! Picnics are happy occasions and have always been a diversion from every day cares. We think of the picnic as an outdoor meal, set on a blanket, usually in the middle of the day, featuring a hamper filled with tasty morsels and perhaps a bottle of wine, but historically picnics came in many forms, served any time of the day. This first culinary history reveals rustic outdoor dining in its more familiar and unusual forms, the history of the word itself, the cultural context of picnics and who arranged them, and, most important, the gastronomic appeal. Drawing on various media and literature, painting, music, and even sculpture, Walter Levy provides an engaging and enlightening history of the picnic. A sequel of sorts to the classic (and bestselling) sendup of literary criticism, *The Pooh Perplex* Thirty-seven years ago, a slim parody of academic literary criticism called *The Pooh Perplex* became a surprise bestseller. Now Frederick Crews has written a hilarious new satire in the same vein. Purporting to be the proceedings of a forum on Pooh convened at the Modern Language Association's annual convention, *Postmodern Pooh* brilliantly parodies the academic fads and figures that hold sway at the millennium. Deconstruction, poststructuralist Marxism, new historicism, radical feminism, cultural studies, recovered-memory theory, and postcolonialism, among other methods, take their shots at the poor teddy bear and Crews takes his shots at them. The fun lies in seeing just how much adulteration Pooh can stand. Completely revised and updated with a fresh new design. Children's literature is increasingly exposed to critical debate in England and America. There are indeed a number of histories and surveys of children's literature, but few works exist which discuss the contexts, ideologies and narrative structures of children's stories in a serious and detailed manner, or examine particular case-histories to see how the different forces interact. This is what this collection of essays attempts to do. The topics range from Little Women to Winnie the Pooh and from story forms such as 'The Adventure Story' to 'Fantasy'. Critical Approaches to Food in Children's Literature is the first scholarly volume on the topic, connecting children's literature to the burgeoning discipline of food studies. Following the lead of historians like Mark Kurlansky, Jeffrey Pilcher and Massimo Montanari, who use food as a fundamental node for understanding history, the essays in this volume present food as a multivalent signifier in children's literature, and make a strong argument for its central place in literature and literary theory. Written by some of the most respected scholars in the field, the essays between these covers tackle texts from the nineteenth century (Rudyard Kipling's Kim) to the contemporary (Dave Pilkey's Captain Underpants series), the U.S. multicultural (Asian-American) to the international (Ireland, Brazil, Mexico). Spanning genres such as picture books, chapter books, popular media, and children's cookbooks, contributors utilize a variety of approaches, including archival research, cultural studies, formalism, gender studies, post-colonialism, post-structuralism, race studies, structuralism, and theology. Innovative and wide-ranging, Critical Approaches to Food in Children's Literature provides us with a critical opportunity to puzzle out the significance of food in children's literature.
